A UNIQUE global approach

A therapeutic Centre for individuals, families and companies.

Create your life with SCÉNERGIE^{MC}

Personal Development Group

This program allows you to receive support, education and training.

It is a unique opportunity to move towards your life goals, discover your greatest resources, follow a creative and spiritual reasoning, and meet a joyful and empathic support group on a regular basis.

Every week, we have the honor of witnessing emotive life transformations from the participants' personal and professional lives.

You can join at any time. We look forward to seeing you there!

Jocelyne Harvey & Lise Larreau

Therapeutic Support

The team is attentive to the needs of the group every week.

We address the difficulties that are present in everyday life (personal, family and professional) through discussions, simulation exercises and teachings.

We help you understand your dynamics and become aware of various aspects (where you come from, where you are and where you are going).

We guide you through your dreams, your desires and your talents to attract and create a future that will mirror you.

*"... Although we live in a universe of possibilities, life becomes difficult without the choice of happiness. Opening our mind, developing love, and letting go will set us free from ourselves. Daring to come out of our comfort zone and to dive into the unknown prevents history from repeating itself and exposes us to discovering something different from life; the quest to understand may proceed."
Thank you to the whole team for accompanying me through my quest!*

Yves, Rosemère
